# Monte ECO

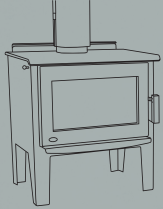

Only the most environmentally friendly wood heaters earn the Ultra Low Emission (ULE) certification, which requires wood heaters to produce less than 0.5g of smoke for every 1kg of wood you burn.

With an impressive 0.4g of emissions, the Monte ECO proudly sits as one of Australia's cleanest burning wood heaters, and wears the ULE certification with honour.

Assembled by Pivot Stove & Heating in Geelong, Australia.

- Brand new Vermiculite ECO bricks
- Efficiency up to 82%
- Emissions 0.4g (ULE Certified)
- Heating capacity of over 200m<sup>2</sup>
- Durable 8mm solid cooktop
- Optional two-speed fan
- Optional hot water wet back
- Burn time 10-12 hours

Experience the Yunca Monte ECO and enjoy a home that is both warm and environmentally conscious.

## Monte Leg

# Why choose Yunca?

For over 40 years, Yunca heaters have not only kept New Zealanders warm, but have also maintained a commitment to environmental sustainability. Yunca heaters boast some of the cleanest emissions worldwide, in alignment with preserving New Zealand and Australia's natural environments. Yunca continue to uphold their dedication to excellence by offering a comprehensive range of parts for models manufactured over four decades ago — wood heaters that are still going strong today.

Available Australia-Wide through
