	Width	Height	Depth
Wood Stove (mm)	600	1100	406
Firebox (mm)	530	220	280
Oven (mm)	443	253	355

CHARACTERISTICS

The Lacunza ALTEA wood cooker brings homestead cooking into your kitchen.

Its' hotplate is perfect for sizzling breakfasts and slow-simmered stews, while the spacious oven bakes golden loaves and tender roasts with that unmistakable wood-fired character. When the fire's glowing, open the firebox and cook directly over the flames for that rich, smoky BBQ flavour that only real wood can create. More than just a cooker, the ALTEA becomes the gathering place of your home, where simple ingredients become hearty meals and lifetime memories.

Firebox (mm)	630	220	280
Oven (mm)	553	253	355

CHARACTERISTICS

The Lacunza OSLO wood stove is built for homes that cook, gather, and live by the fire.

The OSLO offers a broad hotplate for hearty family meals and a generous oven that bakes, roasts, and warms effortlessly with wood-fired flavour. Open the firebox and grill over the flames for that unmistakable, unforgettable BBQ taste, all from the heart of your home. Designed with Lacunza's clean-burning technology, the OSLO delivers more heat with less smoke, keeping the fire bright and the glass clear. A true homestead stove designed for real cooking, honest warmth, and lasting comfort.
